

# FORMULA MARMO

## CREAM CONDITIONER FOR MARBLE

### POLISHED STONE AND AGGLOMERATES

### WHAT IT'S FOR

- Cleans and protects small surfaces in marble, granite and agglomerate: shelves, windowsills, tables, bathroom tops, etc.
- Removes limescale residues left by water.
- Restores the shine to worn polished surfaces.

### ADVANTAGES

- Extremely easy to apply.
- Highly effective with immediate results
- Ready to use: no dilution required.
- Makes the surface pleasant to touch

### HOW TO USE IT

**No dilution required:** ready to use.

**Application:**

1. *Shake before use. Pour onto a cloth and wipe over the surface to be cleaned. Rub hard for a few seconds until it dries completely*

### Packaging

250-ml bottles in boxes of 12.

### Caution:

*Never apply on floors*

#### WARNINGS

- Keep out of reach of children.
- Do not disperse into the environment after use.

#### TEMPERATURES

Storage temperature: from 5° to 30° C  
The product must be applied to material with a temperature of between 10° and 30°C.

#### COMPOSITION

Synthetic and natural waxes (bees' wax), soap, water-soluble solvents, silicon oil, fragrance, water and de-aromatised hydrocarbon solvent.

#### LABELLING

No safety and risk labelling or instructions are required, as the product is not classified as hazardous under current regulations.  
May be fatal if swallowed and/or allowed to enter airways.

#### TECHNICAL FEATURES

**Appearance:** creamy fluid  
**Colour:** milky white  
**Odour:** honey fragrance  
**Density:** 0.94 kg/l  
**solubility in water:** completely soluble
