

- TERRACOTTA
- QUARRY TILES
- UNPOLISHED MARBLE AND AGGLOMERATES
- PLASTIC LAMINATES
- LINOLEUM
- RUBBER AND PVC

WHAT IT'S FOR

- Protects all types of floors from dirt
- Especially suitable for protecting rubber, PVC and linoleum floors
- Generates a protective film on the surface which is particularly resistant to wear from foot traffic

ADVANTAGES

- Gloss effect without polishing
- Easy to apply
- Can be used undiluted or diluted as necessary

HOW IT'S USED

Dilution: use undiluted or diluted depending on requirements. Routine maintenance: two or three glasses in a bucket of washing water

Application:
After the initial cleaning, after the floor has dried, apply an even, continuous coat of the product using a waxer or other suitable applicator. After about 1 hour, when dry, apply a second coat at right-angles to the first. Leave to dry: The floor will be left shining with no need to polish.

Maintenance:
Wash the previously treated floor with a diluted solution of the product.

Caution:
Do not walk over the floor while it is drying. This wax can be removed using our specific wax remover FILAPS87. È sconsigliato l'uso del prodotto su superfici esterne, in ambienti umidi e dove vi sia ristagno d'acqua (bagni, docce).

COVERAGE

With one litre:
30 m²

"Coverage rates are approximate and refer to a single coat of the product"

Packaging

1 litre flasks in box of 12.

PRECAUTIONS

- Keep out of the reach of children.
- Dispose of the container properly after use.
- The application of waxes is not recommended on external areas, on wet ambients and where there is water stagnation.

TEMPERATURE

Storage temperature: between 5° C and 30° C. Must be applied to material at temperatures between 10° and 30° C.

COMPOSITION

Aqueous emulsion of metallised polymers, polyethylene waxes, wetting resins, plasticisers, fragrance and additives (preservative, anti-foam agent).

LABELLING

No risk or safety labels or warnings are required since the product is not classified as hazardous under current regulations.

TECHNICAL INFORMATION

Appearance: liquid
Colour: milky white
Odour: fresh fragrance
Density: 1,025 kg/litre
pH: 7,7
